Mushin Racing Youth Team Stampedes Steel City AMA-ATV MX

Reynoldsburg, OH / 06.01.10 / Mushin Racing's Youth Team continues to be a force to be dealt with at each and every round of the 2010 AMA-ATV Motocross National Championships. With multiple youth racers competing in multiple classes, it's hard to watch a race from the fence without catching a glimpse of a Mushin Racing youth blasting by on the track.

Based out of Barberton, Ohio, Mushin Racing's Maci Devenport takes on the guys in the 90 Auto Senior and 90 Production classes. With two straight 3rd place moto finishes at the ATV Stampede in Delmont, PA, young Devenport took a 3rd overall in the 90 Auto Senior class and held on to her 3rd spot in the overall series' rankings in the class.

In the 90 Production class, Devenport has been recouping from a couple of missed rounds in the early going but continues to up her finishes in the class. She took down a 4th place overall finish during Round 5 and currently sits in 11th overall in the class.

Teammate Tanner Stockton let his Mushin Racing light shine in Pennsylvania, especially in the 90 Auto Senior class. Stockton earned his third 2nd place overall event finish in the class on the season and, barring a missed round in the early going, would be enjoying a higher ranking in the overalls. He currently, after 5 rounds, sits in 5th place in the series's standings in the class.

Cody Shelton, another Mushing Racing youth competing in the 90 Auto Senior class, continues to get his race game going after an early season injury. At Steel City, Shelton pulled in a 9th overall finish and sat just 3 points outside the top ten in the series' standings.

Super Mini class competitors know very well the heat that can be put on by Mushin Racing's Hunter Harper and Zack Thompson. Both youths put their hearts in their rides and when all was said and done at Round 5 the two had put Mushin Racing in two of the top five finishing spots. Harper, currently after 5 rounds, holds down the 3rd place spot in the overall standings and helped his cause with a 5th overall at Steel City. Thompson, on the other hand, after being absent from the first three rounds, scorched the Pennsylvania country side with a 2nd place finish, beginning his climb up through the ranks, jumping from 19th in the standings to 11th.

Spencer Meyer, Mushin's 70 CVT standout, dropped to an 11th place finish during Round 5 and, after the ATV Stamped was in the books, found himself just outside the top five in the overall standings, one point shy of fifth, sitting in 6th overall.

Returning to the 90 CVT ranks after an injury early on in the season, Mushin Racing's Kodi Ward made a statement to the competition that he was back. With 4-6 moto scores, the young Ward brought to the team a highly respectable 5th place overall finish and, even though his ranking in the class has been hampered by his absence from racing, Ward put the boys and girls of the class on notice that he's back with a vengeance.

The little man with the big ride, Mushin Racing's Ashton Ward, hung tough as a 38 pound bag of concrete nails in the 50 Limited Junior class. By doing so, Ashton finished 3rd in moto one and 5th in moto two, netting an overall event
